These property particulars are believed to be a fair description of the property, but are provided as a guide only and are not intended to form part of a contract. All measurements and dimensions are approximate. Any reference to service installations or appliances is intended to be descriptive only and no tests have been carried out by us.

## LOCATION

The Westgate Estate is located on the northern side of the street on the eastern side of the village of Newchurch, a small village of some 300 inhabitants which is located in the heart of the Romney Marsh, approximately 4 miles north of New Romney and 7 miles south west of Ashford. Whilst this is not considered an ideal location for premises of this nature, it is now well established, and access is vastly improved by the A2070 Ashford - Brenzett trunk road which is some 3 miles to the west and gives direct access to Ashford and the motorway network.

Ashford has a population of approximately 85000 inhabitants, is centrally located within the County and benefits from a fine communications network via the A20/M20 and five mainline railways. Ashford International Passenger Station can give direct access to Northern Continental Europe via Eurostar and London is now only 38 minutes distant via HS1.

## DESCRIPTION

Unit 4 forms part of a modern, steel framed, multi-bay warehouse development and provides approximately 4,250 sq.ft. ground floor workshop with a mezzanine area of 3,323 sq.ft. The unit benefits from a roller shutter door and externally there is generous concrete hardstanding for parking, loading and unloading.

The site benefits from fire/intruder alarms and 24/7 monitored CCTV and there is a service charge payable for the upkeep and maintenance of the common areas on the estate. Please note - there is a planning condition that restricts the trading hours on site to Monday – Friday 8:00am – 5:30pm and Saturdays 9:00-12:30pm, other than for maintenance, cleaning and office work. Further details available upon request.
